*www.pokemonpapercraft.net*

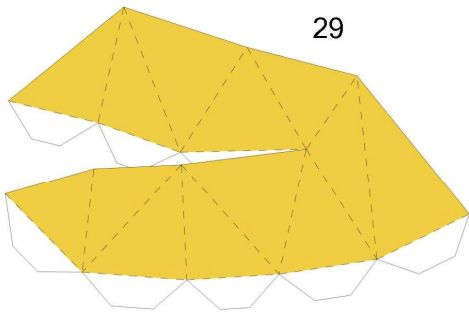

Start at the head. Add the details as you go and BEFORE gluing the neck, so you can apply pressure from the inside.

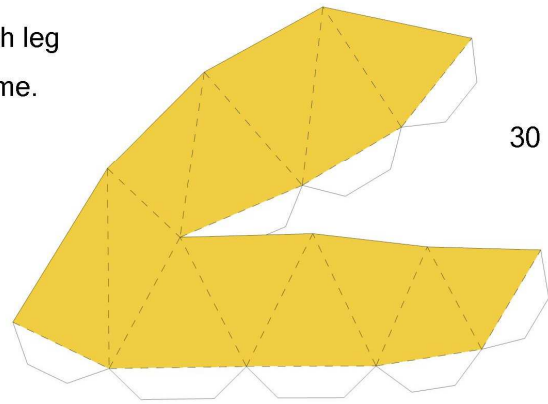

Build the tail starting at the tip and glue it to the body before piece 28.

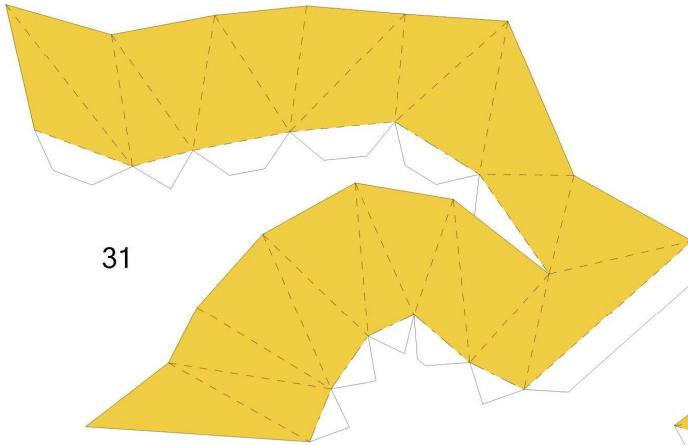

29

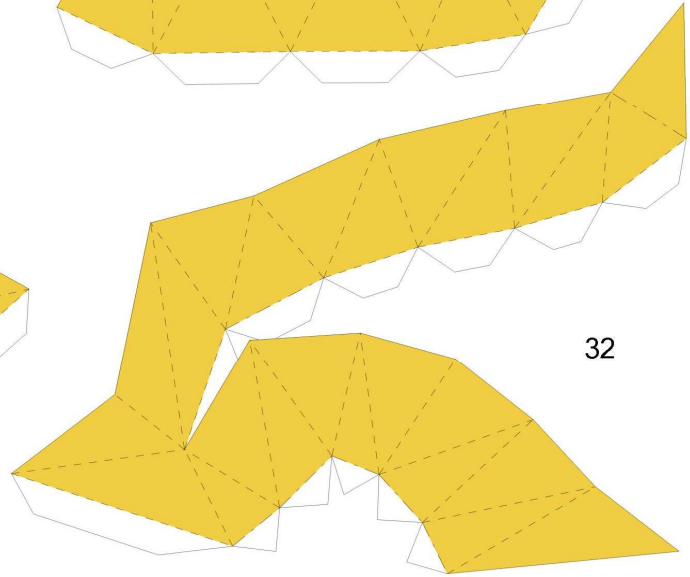

Glue one side  
of each leg  
at a time.

31

32

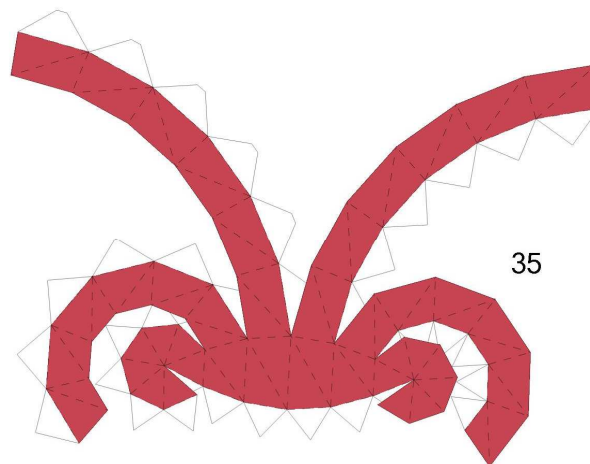

33

34

Close at the bottom  
of the feet. Glue the tip  
of the tail after.
