Fold the inside
of the ears to
give them a
curl shape
inside.

Glue the whiskers and the
medal when the numbers
get to them. Do so before
closing the head.

Start the tail at the tip.
Start at the side of the curl
with the tabs and build
around it. I suggest you
reinforce the connection
between the tail and the body.

Close the body at the place
where it connects with the
head. Glue the head after
both are closed.

44

40

Start the arms at the paws. You need to fold the indicated lines to give it a smooth shape.
